During games, possession of communication devices and other electronic devices capable of suggesting chess moves is strictly forbidden. While a player's games are in progress, all such devices that he/she has brought to the venue must be completely switched off and stored either in a separate bag within the playing area, or face-down on his/her table. Spectators and players whose games in the current round have finished are not bound by this rule, but we ask that phones be kept on silent mode so as not to disturb the players.
