

Access to Trinity College

There will be no vehicle access to Trinity College for the duration of the WA Junior Chess Championships (Monday 8 July – Friday 11 July, inclusive), due to significant works being conducted on Trinity Avenue and the Waterbank entry.

Chess competition participants and attending guests will be required to find their own parking at the following [nearby locations](#):

- Braithwaite Street (paid parking)
- Sailani Avenue (paid parking)
- Nelson Crescent (paid parking)
- [Queens Gardens carpark](#) (paid parking)

Upon finding a place to park, please note the following **pedestrian-only access into Trinity College via Sailani Avenue** - the numbers below correspond to TC Gate Numbers on Sailani Avenue, as shown on the attached map.

- Gate 6
- Gate 7
- Gate 8
- Gate 9

All other gates to the College will be closed.

It is strongly recommended you and your guests add parking/commuting time into your travel plans, in order to get to the competition location on time.

Other nearby works

A southern staircase that provides an access point between Gibney Hall (level 1) and the ground floor will be closed for works on Wednesday 10 July. This is the main staircase we would direct male children towards in order to use the closest ground floor toilets. In lieu of access via this staircase, all guests for your event will be required to use the internal staircase on the other side of Gibney Hall; from there, male children can walk around the back of the building on the ground floor, and onwards to the toilets.

It is anticipated the work on the staircase will only take one day to be completed; however, please note that access will be adjusted as required, pending completion of the required works.

We apologise for any inconvenience to your participants and guests as a result of these capital works, and thank you in advance for your understanding as we work to improve the school for our students.

Thanks,

Melanie
